Fabric Data Agents: habla con tus datos (y que te entiendan)

¿Te imaginas hacerle preguntas a tu modelo de Power BI o a tu base de datos SQL?

En esta charla veremos cómo los Fabric Data Agents hacen justo eso: conectan el poder de la IA con tus datos en Fabric para que puedas preguntar, automatizar y descubrir información como si hablaras con un compañero.

Una sesión ligera para entender qué son, cómo usarlos y por qué prometen cambiar la forma en que trabajamos con los datos.
